It's raining today
Not sure if I can see the sky
Happy I must say
Told your thoughts above the line

Look at the highway
I should change it's state of mind
Am I going crazy
You're just a thought that I can't find

As I fall behind

So don't tell me you're a Regan Macneil
Stay the same way
Don't let that demon into you

It's sunny today
All of these things that I can't do
I've gotta find my way
I'm gonna take you with me too

As I fall for you

So don't tell me you're a Regan Macneil
Stay the same way
Don't let that demon into you
I'll just listen to you
