It's a wonderful afternoon here in Soho
It's a wonderful afternoon for a daydream
You can dream that's ok
For soho it's another day
In Soho

Over they're playing our song in the park
Isn't it a great day to go on a walk
We can listen that's ok
For soho it's another day
In Soho

Soho, you're my happy thought
When ever you pass my past is gone
Soho I think of you
When every piece of my mind is blue
Hoping over the fence you see
Everything I blew my bit of me

Birds are flying all around
Wish you could hear this beautiful Soho sound
You can listen that's ok
For Soho it's another day
In Soho

Soho all my fights are fought
As I sit upon my thinking rock
I wonder and I contemplate
I think my thoughts and concentrate
Hopping over the fence you see
Everything I blew my bit of me
