And the fire will never leave us
Though the path divides between us
You always had the strength to walk alone

And the quiet hours would haunt you
And the wilder winds, they called you
I almost had the strength to let you go

Why were you falling?
Far, far away

I still remember you and those days could not get
better
I keep it all, this won't fade, I'll never let it
I know you gave it all so good, I can't forget it
Still lost in you, on that day we'll stay forever
Stay forever

And I know that time is speeding
Experiences fleeting
I'd give them all away to bring you home

Why were you falling?
Far, far away

I still remember you and those days could not get
better
I keep it all, this won't fade, I'll never let it
I know you gave it all so good, I can't forget it
Still lost in you, on that day we'll stay forever
Stay forever
Stay forever

Why were you falling?
Far, far away

Forever lost in you and those days could not get better
I keep it all, this won't fade, I'll never let it
I know you gave it all so good, I can't forget it
Still lost in you, on that day we'll stay forever
Stay forever (Stay forever)

Stay forever (Stay forever)
Forever lost in you...
