You've got sparks
It's not enough and we make time
Speak in sheets and closed doors
To dull our words, whoa

[Chorus]
But all you do is lay around
Spending time smoking cigarettes
Boy, you know your heart's so big
And you could love
Give it all you got
Sitting in clouds of smoke
When you're all alone, why
Talking to me on the phone
When you're feeling low

And we make plans
But you don't see them, keeping space
Open eyes and empty minds
You're not anywhere, whoa

[Chorus]
But all you do is lay around
Spending time smoking cigarettes
Boy, you know your heart's so big
And you could love
Give it all you got
Sitting in clouds of smoke
When you're all alone, why
Talking to me on the phone
When you're feeling low

Fill your lungs, waiting, waiting
Fill your lungs, waiting, waiting
For yourself

Oh, oh, oh
Oh, oh, oh
Oh, oh, oh

[Chorus]

But all you do is lay around
Spending time smoking cigarettes
Boy, you know your heart's so big
And you could love
Give it all you got
Sitting in clouds of smoke
When you're all alone, why
Talking to me on the phone
When you're feeling low

[Chorus]

But all you do is lay around
Spending time smoking cigarettes
Boy, you know your heart's so big
And you could love
Give it all you got
Sitting in clouds of smoke
When you're all alone, why
Talking to me on the phone
When you're feeling low
