Through the window of my car
I see beautiful girls
In the city, in the lights
2600 miles from home

It's not over 'til the weekend
Can you feel it, can you feel it
It's not over but we can pretend
'Cause we need it, we need it
Oh, we need this

And feel the wind blow through your hair
This is freedom
On a long road to nowhere
Chasing the moon 'til morning comes

It's not over 'til the weekend
Can you feel it, can you feel it
It's not over but we can pretend
'Cause we need it, we need it
Oh, we need this

And we drink too much and smoke too fast
And waste our love on chasing black
And living free and riding dreams
Yeah, we're living, we're living
Oh, we're living

And into the bright lights
You get in or you don't
Yeah, this city is alive
You get in or you go, go, go
Yeah, into the bright lights
You get in or you don't
Yeah, this city is alive
You get in or you go, go, go
