This is my generation  
the remains of your creation  
this is the new direction

And maybe we will grow old  
you know we'll never grow cold  
we'll never sell our souls  
to be a part of you  
Don't matter what you say  
don't matter what you do  
you'll never gain control  
we'll never be like you

With our feet on the ground  
we'll keep our heads among the stars  
and we will never come down  
we'll go on and on and on

(It's alright) we live in the fast lane, baby  
(we get by) we live as we choose and maybe  
(we die) but as long as we breathe  
(never slow down) we'll go on and on and on

can't pull us down (you can't pull us down)  
This is my generation  
we are the new sensation  
this is the new direction

All the things we've been told  
and all the lies that you sold  
we don't want any more  
so you can have it back  
Don't matter what you say  
don't matter what you do  
you'll never gain control  
we'll never be like you

With our feet on the ground  
we'll keep our heads among the stars  
and we will never come down  
we'll go on and on and on

(It's alright) we live in the fast lane, baby  
(we get by) we live as we choose and maybe  
(we die) but as long as we breathe  
(never slow down) we'll go on and on and on

(can't pull us down)  
can't pull us down  
can't pull us down  
can't pull us down(can't pull us down)  
can't pull us down(can't pull us down)  
can't pull us down(can't pull us down)  
can't pull us down(can't pull us down)  
down, down, down, down...
