Trying just to understand, trying just to make it  
Won't you just give a hand, try and not break it  
Been hard to do it on my own, even harder just to ask  
for this.

Swallow all the pride I've shown,  
Wrap it up in a tight fist.

I don't wanna be like that no more  
I'm gonna break this silence  
I don't wana be like that no more no.

Lets cut to the chase now, to figure it all out  
Trying just to make this the best that I know how.  
Been hard to do it on my own, even harder just to  
Ask for this, swallow all the pride I've shown  
Lift it up in a tight fist.

I don't wanna be like that no more,  
I'm gonna break this silence  
I don't wanna loose my self control no  
I don't wanna be like that no more  
I'm gonna break this silence, silence, silence.

Every time I turn around and pass the buck  
Feels like a part of me is giving up.  
Every time I turn around and see myself  
I realise it goes on and on and on

I don't wanna be like that no more  
I'm gonna break this silence.
