Now in the future I don't know
What is coming where we'll go
But in the distance, persistence
Will keep me going strong

And in the past we moved so slow
And there's a world out there I know
Just waiting anticipating
To get upon that road

Runaway [2x] now

Now this space is small for me
I can't move and I can't breath
I'm scared I end up here, forever
Disappear
Packing my bags I'm breaking out
Searching for new horizons now
In the distance persistence
Will keep me going strong

Run, run don't be a victim
Make sure everything's gonna be ok
Blasting down this pass
Top down going so fast
And I've had enough I'm gonna
Get the hell outta here

Runaway [2x] now

It's the only thing that I need
Only thing that I dream of
Keeps me going on and on
Just to see what I am made of
Gonna do it now
Gonna face my fear
Gonna do it now
Get the hell outta here

Run, run don't be a victim
Make sure everything's gonna be ok
Blasting down this pass

Top down going so fast
And I've had enough I'm gonna
Get the hell outta here
