I looked into her eyes and died
Nowhere to run nowhere to hide
This was always meant to happen
We were always meant to be
And I have waited for this moment
All my life

Everything's for real , don't wake me up
She is the one
It's all inside my head, don't make it stop
My only one

She crashed into my life, she smiled
No chance to run, no chance to hide
This was always meant to happen
We were always meant to be
And I have waited for this moment
All my life

Everything's for real , don't wake me up
She is the one
It's all inside my head, don't make it stop
My only one
Still afraid to open up my eyes
She is the one
My only one

This was always meant to happen
We were always meant to be
And I have waited for this moment
All my life

Everything's for real , don't wake me up
She is the one
It's all inside my head, don't make it stop
My only one
Still afraid to open up my eyes
She is the one
My only one

My only one
