I love your storied eyes  
I love the hair that's never in your face  
Love the way you move to the beat  
Every time our favorite song plays

I love that look you give me  
When you're a little bit amused  
I love the way you smile  
That makes me warm and fuzzy and a little confused

I've waited all my life  
To find someone like you

You make me happy  
Every little thing you do  
I get the butterflies  
Every time I look at you  
You make my heart sing  
The sweetest melodies  
Wish I could tell you  
Just how much you mean to me

I love when you take my hand  
Just to help me down the stairs  
I love the way you dance  
How you always forget to fix your hair

I love when you drive me home  
The way your eyebrows shoot up when you sing  
I love your voice on the phone  
How you seem to understand everything

And all of my wrong turns  
They led me straight to you

You make me happy  
Every little thing you do  
I get the butterflies  
Every time I look at you  
You make my heart sing  
The sweetest melodies

Wish I could tell you  
Just how much you mean to me

I've gone through life  
Either unhappy or alone  
Now even when I'm far away  
You make me feel so at home

You make me happy  
Every little thing you do  
I get the butterflies  
Every time I look at you  
You make my heart sing  
The sweetest melodies  
Wish I could tell you  
Just how much you mean to me  
[Repeat]
