Dominate subjugation the end
Decimate destruction is the real trend
Fabricate enemies as your friends
Profligate worthless is life in the end

I know your false God
I've seen his works and his deeds
Your Angry False God
And violence is his creed

A call to all non-believers
This is a call
A call to stand up and fight
A call to all non-believers
This is a call
A call to stand for what's right

Demonstrate show just how backwards you are
Calculate all while you hid in plain sight
Perpetrate deception stealing of rights
Subjugate no longer hiding the fight

I know your false God
I've seen his works and his deeds
Your Angry False God
And violence is his creed

A call to all non-believers
(A call to all non-believers)
A call to stand up and fight
Stand, Fight
A call to all non-believers
(A call to all non-believers)
A call to stand for what's right

You have their blood on your hands
Wash their blood from your hands
Don't leave their blood on your hands
Wash their blood from your hands

This is a call to all non-believers
This is a call to stand up and fight
