I have no words that I can say
To make you see that
I know I couldn't make you stay
I can not beat this

What have you done
It all seems so wrong
I hate that you let it end
And now that you're gone
The night seems so long
And I can't pretend

I know I'm asking too much
And you're not coming back again
I know I'm asking too much
And you'll never be mine again
I'm not gonna find you outside of my door
But damn I wanna let you in
I know I'm asking too much
And you'll never..

And still the writing on the wall
Too close to see it
You know this better than them all
You don't believe this

What have you done
It all seems so wrong
I hate that you let it end (let it end)
And now that you're gone
The night seems so long
And I can't pretend

I know I'm asking too much
And you're not coming back again
I know I'm asking too much
And you'll never be mine again
I'm not gonna find you outside of my door
But damn I wanna let you in
I know I'm asking too much
And you'll never be mine again

(solo)

And now you're gone
And nothing makes this seem more wrong
The memory of your face keeps dragging me along
When I feel lost
I know that I have payed the cost
And now I'll find my way

I know I'm asking too much
And you're not coming back again
I know I'm asking too much
And you'll never be mine again
I'm not gonna find you outside of my door
But damn I wanna let you in
I know I'm asking too much
And you'll never be mine again
