I know

No one had ever dreamed that

We were this strong and we'd achieve this

So long the doubt and all believed it

And now

It's come for all to see yeah

We've worked so hard

Pushed every day now

See you can hear us say

Stand up, stand up we were right

You know we can't be more justified and they can't deny it

Stand up, stand up we were right

We've come too far just to fade away and they can't deny it

I've heard the words those in the circle say

"So what, they're do've don't matter any way"

Well here's your proof they're all silent today

And there's no way they can take it away.

We've worked so hard

Pushed every day now

See you can hear us say

Stand up, stand up we were right

You know we can't be more justified and they can't deny it

Stand up, stand up we were right

We've come too far just to fade away and they can't deny it

We never said it was easy

And no one gave us a thing

Now that last part is so pleasing

We're stronger than you think

(SOLO)

Stand up, stand up we were right

You know we can't be more justified and they can't deny it

Stand up, stand up we were right

We've come too far just to fade away and they can't deny it

Stand up, stand up we were right

(They can't deny it)

Stand up, stand up we were right
