As if this could change us
Our roots are deeper than that
Born and bred the master of ourselves
And of our hearts

Take the best of me and
Watch my world fall apart
Still I remain steadfast in my heart

Walk a darkened road and
We will be our own light
Our foundation our core is strong
Stand for what's right

We stand again, it breaks my heart
The anger burns and I fall apart

Seasons change me,
But they won't change my core
I have struggled I've fought for less
Still this I know

Belief within my self
Shall drive me further on
Still I fear that the past remains

And so shall I

(Still I fear that the past remains
and so shall I, and so shall I)

We stand again, it breaks my heart
The anger burns and I fall apart
We stand again, it breaks my heart
The anger burns and I fall apart

Way to go, uah

As if this could change us
Our roots are deeper than that
Born and bred the master of ourselves
And of our hearts

We stand again, it breaks my heart
The anger burns and I fall apart
We stand again (we stand again),
it breaks my heart (it breaks my heart)
The anger burns
