I've got the mood set half past midnight Me and my soldiers are dancin' in the street lights Set them up set them up buck I watch them fall quick Sound the alarms I'm droppin' bombs with this dope shit

What go around come around that's what they all say No time to blink no time to think no time to hesitate You got no gun it's best you run unless you got one They bring pain like rain with a shotgun

Don't bring that shit to me Don't bring that shit to me Don't bring that shit to me Don't bring that shit [inaudible] take it off

Like a snake I'm the most wanted viper Bustin' on punks like the neighborhood sniper Right from wrong I just can't decipher Strapped with a Mack and an automatic rifle The ten most wanted I'm on top of the pile Rainin' down on punks penitentiary style No respect for life no respect for the outcome If you want some, bitch come get some

Don't bring that shit to me Don't bring that shit to me Don't bring that shit to me Don't bring that shit

Don't bring that shit to me Don't bring that shit to me Don't bring that shit to me Don't bring
