If I ask you what you need right now
Would you tell me the truth?
'Cause I can't imagine how
To live my life without you
A smile from an angel
A touch on my shoulder
With you I know I want to grow older
Tonight, we could do anything
In your arms, I'll be alright
All of my life, searching for someone
In your arms heaven is closer tonight
I may not be the best man
Got my looks but I can't dance
Make mistakes like anyone
I know it's true
When you finally find the reason
You're my sky for any season
You know that I'd do anything for you
I'm holding you close, I won't let you go
In my arms, heaven I swear
Tonight, we could do anything
In your arms, I'll be alright
All of my life, searching for someone
In your arms heaven is closer
A drop in the ocean, a door that's left open
Time has been frozen, we live in this moment tonight
A smile from an angel, a touch on my shoulder
With you I know I wanna grow older
Tonight, we could do anything
In your arms, I'll be alright
All of my life, searching for someone
In your arms heaven is closer tonight
