There is no saving you there is no saving me
I'm spinning off for fun I'll take you all with me
I'm here and then I'm gone quicker than a human eye
I'm neither up or down I'm neither left or right

Snap it to the left
Bend it to the right
yes
no
yes
no
yes
I'm is and that is why

That sulk is just a mask so wipe it off your face
there's nothing here (that's bad) there's nothing here
to hate
You want to sniff the thumb let's have it on a plate
The joker laughs at you so scared therefore so lame

Snap it to the left
Bend it to the right
yes
no
yes
no
yes
I'm is and that is why

There was no saving you there was no saving me
We did it all for fun we did it all for free
We're here and then we're gone quicker than a human
eye
We're neither up or down, we're neither left or right

Snap it to the left
Bend it to the right
yes
no
yes
no

yes
I'm is and that is why
