This could be the end of something new
Erasing all the lies that I thought were true
The pain I have inside was just for me
The day I tried to live I could not breathe

And I feel that I'm about to lose this game again
Could this be the end?

I want to be inside this mystery
deleted by the files of sympathy
the dream I have inside can't be for real
the dream I have inside is so surreal

And I feel like I'm about to lose this game again
To the enemy in me, my evil friend
And I feel that I'm about to lose this game again
So could this be the end?

This could be the end of something new

And I feel that I'm about to lose this game again
To the enemy in me, My evil friend
And I feel that I'm about to lose this game again
So could this be the end?
