I have been waiting all my life
I have been aching with my knife
To cut my heart wide open
And bleed my love to you
There is nothing I wouldn't do
If I could be the one you love
I know I would make it through
If you would only notice
If I could find a way to make you see

That you're the air I breathe
The one that makes me bleed
You're the only one that makes me feel alive
You are everything to me but you don't even see
You don't see me

I have been waiting all this time
For you to come and save my life
But you don't even notice
If I could find a way to make you see

Tonight I came in through your window
Tonight I crawled over your floor
And without a sound I moved into your bedroom
Just to see you there sleeping unaware

You should be a part of me
And I should be a part of you
You should be a part of me
And I should be a part of you
But if you want me to be nothing
Then nothing I will be
But if you want me to be nothing
You've got to set me free
