If you go away I'll follow you
What can I say? What else can I do?

Please don't leave
Why can't you see
Without you my world will fall apart

If you fade away I'll follow you
Into decay, what else can I do?

Please don't leave
Why can't you see
Without you my world will fall apart
Why can't you see
Without you I am nothing at all
So please don't leave
Without you my world will fall apart
Why can't you see
Without you I am nothing at all

Just keep breathing keep breathing keep breathing
Please don't you leave
