How could I forget
Every minute
Every word that you have said

You have changed my life
You have changed
A way I'm feeling deep inside

I just know...
You're mine
I just know...
You're the one I want
You're the one I need

I can't get enough
Let me feel your heartbeat
I can't can't enough

I can't get enough
Let me feel your heartbeat
I can't can't enough

Let me feel your tenderness...
Give my your heart...
Give my your heart...

I can't get enough
And all I want
Is only living for your love

You have called my name
And affair that used to be
My only aim

I just feel...
So proud
I just feel...
You're the one I want
You're the one I need
