[Chorus: Mr. Sancho]

Why must life have to be this way  
Sometimes I wanna lie  
Sometimes I wanna cry  
Sometimes I wanna die  
Please lord take my life

[Verse 1 - Mr. Sancho]

Today's a sad day, the games villains play  
These innocent victims fade  
Why must life be this way  
The government's trying to stop the violence  
And now we sit here in a moment of si-ya-lence  
Schemin' war, even the score for they to mourn  
Retalitions a must, just wait to see what's in store  
Ohh..no..? guerra part three  
It's almost certain that'll end up in the tierra you'll see  
And they'll be catastrophies thousands  
Fatalities mountians of dead bodies countin'  
Under degree, oh lord, what am I to do  
These fools with additudes  
Like it's they had something to prove  
We didn't chose to be the victims  
But we chose to be the villians  
2 wrongs don't make it right  
Is it right, to continue to fight  
Now would you ride and cry?  
Or would you ride and die?  
And avenge all the souls heading to the sky

[Chorus 2x]

[Verse 2 - Silencer]

Just another day...waking up, I see the news  
My homey just died, he wasn't even twenty-two  
And all because, because somebody blasted  
Because of that it's time to send a casket  
How could this be...I guess you went the wrong  
direction  
In this life you need to know there's no perfection  
So pay attention, you need to watch what you do

Cause the next step you take, might be your doom  
I close my eyes and think about it everyday  
That the crazy wickedness would just go away  
I feel insane...I feel the pain  
I say to myself "things will never be the same"  
Tell me why? please? It has to be like this  
To everyone that passed away...rest in peace  
Everyday I reminice to the one I'm gonna miss  
No matter what they all say, to me you always will exist

[Chorus 2x]

[Verse 3 - Mr. Sancho]

It's hard, sometimes I wanna kill myself  
But I found the strength in me to just fulfill myself  
I done came up from thee underground  
All of these haters tried holding me down  
But I found me, you be taking  
Shaking that asses, your mistake me  
You better be there for what your bet on  
Cause in this dirty game  
It's a shame what you forget holmes  
Finding a reason to live  
Possibly be married, with kids  
Getting into the show biz  
So that one day I'll be able to hear shit

[Mr. Sancho "La La"ing to the beat 'till the end]

[Mr. Sancho speaking]

This song is dedicated to all the people that passed  
away on 9/11  
Rest In Peace...I know it's been a while, but we'll never  
forget  
And to the troops out there fighting the war...take care  
and god bless
