City sounds of Harbor Road
Forget about the plot line
The waiters have united
The actors on their children

Standing right behind the drug zone
Stepped outside into the open world to breathe it in
Somewhere inside the backyard fences
Someone passed a cigarette and said

It's gonna take a little time
To what it should bring
Hey, man, now everything's gonna be all right
In a bottom line, a bottom line
Enemy inside
Enemy inside

It's gonna take a little time
To what it should bring
Hey, man, now everything's gonna be all right
In a bottom line, a bottom line
Enemy inside
Enemy inside
Enemy inside
Enemy inside
