One more animal  
One more vegetable  
One more loss of motor  
One more falling for

One more silent shows  
Swimming in the devil's triangle  
One more wad of it  
Well, now we're getting close to the heart of it

One more piece of meat  
One more grain of sand  
One more bad decision  
One more massive rain

One more silent shows  
Swimming in the devil's triangle  
One more wad of it  
I'm getting close to the heart of it

I'm getting close to the heart of it  
I'm getting close to the heart of it  
I'm getting close to the heart of it  
I'm getting close to the heart of it

I'm getting close to the heart of it  
I'm getting close to the heart of it  
I'm getting close to the heart
