I'm thinkin' back to how things used to be  
Your face is still in front of me  
These memories are breaking me in two,  
If only I could get back to you

I can't go away,  
Your too far to reach  
Oh, but I'm tryin'  
Oh, I'm tryin

So just go away,  
I can't shake you off  
Every time I turn around,  
Your right there beside me

So sing it for the damned slow,  
I fall at the same time  
Cause I don't wanna be, I don't wanna be alone

So take me away from these midnight dreams  
Day light, is never what it seems  
When the lights go out at night  
I see your face, within all these memories.

(SWEET DREAMS)

All the faces, memories and dreams,  
They haunt me. they haunt me  
As I lay awake,  
My life is yours to

Take me away from these midnight dreams  
Day light, is never what it seems  
When the lights go out at night

Take me away from these midnight dreams  
Day light, is never what it seems  
When the lights go out at night  
I see your face, within all these memories.  
Within all these memories.
