Warm feeling turn to gray
You linger as you walk away
Note scribbled on the bed
Says thank you for the night we had

Leave me here alone inside
Ashamed undone and I wonder why
I didn't know you but I tried to fight
A beginning without an end
Just tell me when

Soft shivers on my skin
Our lips embrace in sultry sin
Ribbons of our honey love
Burning in the sky above

You whisper promises to keep
Our new romance turns to sleep
The light finds you not a care
I reach for something that wasn't there

Leave me here alone inside
Ashamed undone and I wonder why
I didn't know you but I tried to fight
A beginning without an end
Just tell me when

Just tell me when

Night comes and nothing yet
I cradle up my last regret
Tomorrow brings another day
I'm so damn tired of life this way

Leave me here alone inside
Ashamed undone and I wonder why
I didn't know you but I tried to fight
A beginning without an end

Leave me here alone inside
Ashamed undone and I wonder why

I didn't know you but I tried to fight
A beginning without an end
Just tell me when
