Please don't tell me
Words I already know
But you can't seem to help it
And I never could say no

And the feeling's coming over me, again
And the feeling's coming over me, again

Why don't you love me?
It's always that same old line
But I can't live without you
And I fall for it everytime
Your tears turn to laughter
Oh God, what have I done?

And the feeling's coming over me, again
And I cannot take
All the wasted years, the wasted tears to start where
we began
And the feeling's coming over me, again
And I just cannot wait, till it's gone

Your arm swings around me
You smile to all of our friends
But please don't touch me
The charade never ends
I scream on the inside
I'm hiding behind the lies
I promise that tomorrow will really mean good-bye

And the feeling's coming over me, again
And I just cannot take
All the wasted years, the wasted tears to start where
we began
And the feeling's coming over me, again
And I just cannot wait 'till it's gone
Till it's gone

And the feeling's coming over me, again
And I just cannot take
All the wasted years, the wasted tears to start where

we began
And the feeling's coming over me, again
And I just cannot wait 'till it's gone
Till it's gone

And the feeling's coming over me, again
And the feel, and the feeling's coming over me, again
