Look at me, hatred in your eyes  
Alcohol, it has made you blind  
Clinch your fist, ready to start a fight  
Can't you see, this action I despise.

Verbally you assault me  
Mentally you offend me  
Finally you attack me  
Man, you fucked up.

All the violence starts  
When you come around  
Your alcohol is to blame  
In your eyes I see no shame  
Maybe it's best if you don't come around.

But now I see that it can never  
Be the same  
You've changed  
In all of the wrong ways  
You're not the same  
And I don't want to feel your pain.

Can't overlook it  
Cannot deny it  
Stories and excuses  
I can no longer buy it.  
We just can't go on

Way back when we were younger  
I thought that it would never change  
We have grown so fast  
We went our separate ways
