Here they come
Here come the bastards
I heard it from a confident -
Who heard it from a confidant
They're definately on their way
There's one with this idea
Something about a hammer head shark
Nosehairs and flatus
Best keep your distance because

Here they come here come the bastards
Bury your head deep in the sand
Anonyminity is a virtue in this day and age
Amazing hand dexterity
Flagrant misuse of security
Better run, run, run, run, run
Run Run Run Run, here they come.
