Jellikit

I just want to satisfy you  
I would like to rectify you  
Pay no attention to what you've heard  
This mediocrity is so absurd  
But I won't listen to erratic advice  
Don't make me ask you nice  
I just want to satisfy you

I would like to contemplate you  
Perhaps sometime we'll irritate you  
I won't listen to sporadic advice  
Don't make me ask you twice  
I just want to satisfy you  
Jellikit, Jellikit, Jellikit

Hey, that's Herb, Herb the jing-sing drummer  
Three four

I just want to satisfy you  
Jellikit  
I just want to satisfy you  
Jellikit, Jellikit, Jellikit, Jellikit, Jellikit, Jellikit

Thanks a lot  
We're Primus and we suck  
(You suck)
