"Forbidden Love"

People have always been oppressing
The sexual minorities.
The thing I don't get is
How can two loving persons hurt anyone.
Maybe it's because of something differing
From our precious, accepted norms.
This is a question of human rights
As long as people can't show their love
Without getting beaten up or insulated
There's no point talking about equality!
Love is a beautiful thing,
In it's any form
Whether it's between boys or between girls.
It's not a sickness
That one should get rid off
It's you who's sick
For having such a narrow mind.
