Waking up, I finally  
Had enough, oh, of it  
Save the day and  
You would take my pain away  
You told me everything would be ok  
Gaze up to blame  
For letting you in the...  
For letting, for letting, for letting  
For letting you in

I wish you the best,  
In your new relationship  
Let me stop lying  
I hope you heard, hope you get everything  
That you deserve, oh  
Hope you get lied on  
Cheated on, hope you feel like I felt  
When you did the same to you

I hope you get along before  
In love till you can't follow one  
Then may close the door  
I hope you hurt, yeah, oh  
Ave you, gave you all of me  
And you, you did,  
Did the same thing to me  
That I thought you would never do  
Uh, how I loved you  
Guess that didn't mean anything

But I, wish you the best  
In your new relationship  
But I, wish you the best  
In your new relationship  
Let me stop lying  
I hope you heard, hope you get everything  
That you deserve, oh  
Hope you get lied on  
Cheated on, hope you feel like I felt  
When you did the same to you

I hope you get along before  
In love till you can't follow one  
Then may close the door  
I hope you hurt, yeah, oh
