Intro: Mista Wells

1 2 3! In the place to be!

As it is plain to see we be the MC's!

On the microphone and I do it swell

I go by the name of Mista Wells!

Standin' next to me on the M I C

Is my main man Smile Lee!

Standin' next to him he do what he like

He go by the name of Nephew Mike!

And last but not least number one in the crew:

He goes by the name of Howard Who!

Verse 1

[Wells] I know this chick named Tammy, a real fly shortie

She gets real naughty when she sips on a 40

And when she gets tipsy, she acts like a stunt

'Cause a 40 and a blunt, that's all she really wants

[Smile] I know this freak named Bertha, the town cum-slurper

I fucked her in the ass till she screamed bloody murder

And if you see Bertha, tell her I'm gonna hurt her

'Cause she gave me some shit that my doctor never heard of

[Mike] I met this honey named Anna at the Copacabana Sippin' Tropicana in a calm-like manner

Just like a hammer, I really tried to slam her

Man, oh man, she drained my stamina!

[H. Who] I know this dip named Jessica; Bimos used to mess with her

It really didn't matter, so I still slept with her

It was all good, in that she gave up the kitty-cat

And when I was done, I said, "Good lookin' black!"

Verse 2

[Smile] I met this chick named Nessa, who favors Uncle Fester

I beat the bitch bloody 'cause she stole from my dresser

Bruises, knots, and multi-lacerations

I almost killed the bitch; my lawyer got me probation

[Mike] I met this girl named Kim at the all-natural gym  
Tryin' to push up was this guy named Tim  
Who will win, is it me or him?  
Gave her a grin and I was IN!  
[H. Who] Check it, I know this dip named Chiniqua, she  
lives in Masapequa  
Got a body boomin' like a JBL speaker  
I tried to get her, my nephew had hit her  
So instead, I bagged her sister!  
[Wells] I know this honey named Brenda, she lives  
Down South  
Took her in the alley, put my nuts in her mouth  
And when she got finished, I bent that ass over,  
Pulled up her skirt and proceeded to stroke her!

### Verse 3

[Mike] I know this shortie named Judy with a really big  
booty  
Got howdy-doodie in my jacuzzi  
The shorty got moody and that really didn' suit me  
So now I'm tutti frutti with her friend named Susie  
[Wells] Now there's Christine, the freak of my dreams  
Who gets real freaky with a can of whipped cream  
Took her to the crib, I had to do it quick  
And when I got finished she was jockin' cool dick!  
[Smile] I met a chick named Irma, no ass firmer  
When it came to suckin' dicks she was a real fast  
learner  
She packed an automatic, she always had static  
People call her Irma, but I call her Hump-a-matic  
[H. Who] I know this dip named Tasha, she worked at  
Red Lobster  
She wanted to get nice so I bought her some Vodka  
Gave her a joint, went to Huds Point  
Then I drove her wild like AJ Floyd  
[Smile] I know a freak named Lucy, her lips were mad  
juicy  
She got sent away because she ate a baby's coochie  
She was a real hottie, she acted kinda snotty  
She worked at the mall, but she stole a dead body  
[Wells] There's this honey named Angie with a fat ass-  
crack  
Killing Me Softly, like Roberta Flack  
But when I saw her sister, it really didn't matter  
So I had to step off, 'cause the booty was FATTER!!
