Leaving you on the note that Knowledge is to know the ledge Before you fall over the edge Into the devils so called civilization Or into despair of ignorance The difference between that ledge and that edge Is that that ledge is the tip of the edge And that edge is the border between life and death That's all we have left Shoot skills out your brains before you have breaths Dom Dom competitor Be the reverend and also the editor Etcetera, come better to heat your black ass up like a sweater To shoot you to the mystical magical man in motion - God! Blends into my skin like lotion Do this thing all day on the daily swing styles like Barnum and Bailey Dom Dom drops the bomb bomb keeping it calm calm Register now Knowledge Knowledge People, Peace!
