An empty bed wonders when you will be coming home
And yet your pictures .. glass wall
I know you are gone away
Still I pray to hear your footsteps approaching my way
Day after day I see you
Hoping that you will call my phone
And every night I dream having you within my arms
I know it's cliché but yet is true that you don't value
what you have
Till it's gone away and I keep refuse it
I was so stupid I think I am gonna lose it
I just can't wait anymore
It's so confusing miss your perfume
I lose it and I can't wait anymore
I touched depression .. deception
It's an obsession and I can't wait anymore
Girl I am waiting for you to save me
I am only crazy and I can't take anymore
I just can't take anymore
Just the thought of your lips kissing with another man
It breaks my heart to know I lost what I had in hand
I know you are probably save from you I can't .. the love
we made
I contemplate the days we shared before we parted
ways
The love you give I just ..i know it's cliché but I still
believe
The sun is out there even when it rains
I keep refuse it
I was so stupid I think I am gonna lose it
I just can't wait anymore
It's so confusing miss your perfume
I lose it and I can't wait anymore
I touched depression .. deception
It's an obsession and I can't wait anymore
Girl I am waiting for you to save me
I am only crazy and I can't take anymore
I just can't take anymore
