Seen it before
Seen it before
Picture perfect release tempature
Has filled this room
The ink on the back
Bleeds this through
The pages mean less
In time
Nothing to you

Seen it before
Seen it before
Picture perfect release tempature
Has filled this room
How many times before
How many times before
Did end of lines meet without a grid of standard time

So can I try and meet you again

Long playback with eyes wide shut

They move around you
They move attached to hunt

And now
Has it warmed you?
And now
Has it touched you?

Is this the obvious?
Have I meant less
To try and figure out
Now or later?

She has too much already
She has too much already
Is this the obvious?
Have I meant less
To try and figure out?
She has too much already

She has too much already
She has too much already
