"Disconnected"

Visit "[Disconnected](#)" on MotoLyrics.com

Many times I've tried to keep communication free
Got a big misunderstanding of what the world is gonna
be
Got a steady situation, worsens all the time
There's a big load of silence at the end of the line

Disconnected... disconnected

Can't take this funny feeling

Someone's watchin' me
Down deep inside
I know they'll never ever see
Wanted everything right for me
Another perfect ten
Those motherfuckers
They got us again

Well I've been rejected
Mothafuckin' tested
It goes on and on and on
