I'm the chick who drops sick flows fill bowls with I'll
flows I'll ho hell knows
Pantyhose holes full of No Doz
Make your earholes shit pop six Pep Bysmol sick
abysmal bitch suckin dildos instead of dicks
For kicks
No time for fake bitches, just sip some orange juice
with my real bitches
And I just got three wishes I ain't askin for world peace
I want Range Rovers in three different colors Genie
gimme the damn keys!
Dead wrong like a Dead sticker on a bong bombs
runnin arms and rayguns with Ron Reagan to
Vietnam and Iran
I'm blonde and dumb, I just taped over your demo with
my song, gagged Cisco with his thong
I ain't kiddin I'm filled with lil pills of Ritalin riddle
middle men to rob Bailey and Biddle
Again tell a friend
I use men like Mennen in my armpit I'm bad I can't stop
it
Evil twin count as two in your caucus tell Murdoch
lemme in his office
I'm a steal the carpet then Fox and then Rawkus, voted
for Dukakis, and I like Secaucus
'cause they got the word cock in it
Welcome to my world, such a nice nice girl, welcome to
my world
Of course I'm getting lost ran into Kate Moss
Fed her a nine course full of chopped horse and forced
her to toss
10 times divorced I speak in Morse-dot dot dash dot
dash (HuH?) I just told you had an ugly ass!
Type rash unabashed crass with a brain rash strapped
for cash take me to your trailer I'll
Steal your trash
Ask me a question, I love to lie, hey look girl is that Jimi
Hendrix? 'Scuse me while I kiss
Your guy
Everyone tells me I'm the female Eminem-well all I'm
gonna talk about is getting fucked up the

Ass then
Don't be mad Em I'm just playin, I wish I had a Dr. Dre
and sold out shows one million white
Faces in Dayton
Ritzes stead of Days Inn bitches for maids then
2 scoops of raisins amazin lays by names like Casey
Kasem
Lazin by the pool with record industry fools Crystal in
my drool, man that'd be cool
I'm like Whoa
Let me answer the question of the day-I was born in
Spanish Harlem then moved to PA
On 172 and St. Nich. Food stamps and WIC 'til my folks
worked themselves rich (this track's
Making me sick)
If you want to compare me like white Lil' Kim female
Kool Keith
I'm speak and keep it simple, here's your brain on
Princess Superstar pretty mental:
Ok-- I'm the Black Shirley Temple
Iced out like Entenmanns iced pens and diamond
engines and denims
Got 10 Yemins countin Benjamins with Lettermans
Killin Pac mens like Inky and Binky
When ya stick your finger in me it'll be sticky come out
with a diamond ring on your pinky
Work six different angles, nicer tits than all the Bangles
Got Kangols singin Star Spangles - Oh Say Can You See
I'm better lookin than the flag you can sing that shit to
me (I'm gonna get in big trouble
Louise!)

I'm taking a stance spend my big advance on a 500
man lap dance
Put ants in Bagger Vance's baggy pants sir come
dance it's just my circumstance
I wanna watch him do the Safety Dance, I'd do it myself
but I can't
Or I'll just give my dough to my new label for nice
dinners and liquor
I'm playin but, um next year that advance needs to be
bigger
