Feat. Bingoboyz

Now here comes the music

Okay, all you need is some
Patience and a little practice
And you'll soon be disco
Dancing with the best

Lets start with
The basic two-beat turn
I'll count it for you like this

Step left, around and
Together with the right
Step left, around and
Together with the right

Act like you're either
A record and fade out
All that childish stuff
Is just played out

Kill the noise
And the instruction
Now's the time for
A brief introduction

Feed me the beat
Glad to meet you
Fancy moves and steps
How I greet you

Side to side
Jump, step and turn
Set the fire, boys
And let's burn

Step left, around and
Together with the right
Stand straight, then lean
Brush tips

Step left, around and
Together with the right
Step forward, kick
Step right and back

Stop the talk, man
You're a distraction
You can chill but
I'm not relaxing

I come here to
Turn up the party
Socialize with
Coke and Bacardi

Drop my drink and
Flee to the dance floor
Show the DJ
What I came here for

Lose control
Just like a wild animal
Eat the beat
Like a hungry cannibal

Dance (do do do do)
Dance (do do do do)
(Show me how to dance)
Dance (do do do do)
Dance (do do do do)
(Show me how to dance)

Ready, set and begin
Step left, around and
Together with the right
Stand straight, then lean
Brush tips

(You gotta get with
The new steps, boy)

Step left, around and
Together with the right
Step forward, kick
Step right and back

Show you how to dance
It's like sex
Start up dry and
End up all wet

From the moves
And all of the action
The result is pure satisfaction

Music pumps
Your partner is ready
Keep the beat
And you move steady
I'm here to show you how
Hit the floor and (dance now)

Step left, around and
Together with the right
Stand straight, then lean
Brush tips

Step left, around and
Together with the right
Step forward, kick
Step right and back

Dance (do do do do)
Dance (do do do do)
(Show me how to dance)
Dance (do do do do)
Dance (do do do do)
(Show me how to dance)

Get on your feet and
Dance to the beat and
Dance, dance, dance, dance
Dance, dance, dance, dance
Dance, dance

People come along, dance
Get down to this funky song
Dance, dance, feel the rhythm
Stomp your feet, dance
Now check it out, man

Dance (do do do do)
Dance (do do do do)
(Show me how to dance)
Dance (do do do do)
Dance (do do do do)
(Show me how to dance)

Well, that's it
Good luck and keep on dancing
