Do do do do do...
I'm breathing every breath you take
I'm feeling every move you make
give everything to make us whole
My hands are tied my body's bruised
now there is nothing left to lose
to fire the fever in my soul
Do do do do do...
I do what you want me to do
what do I need to make you see
what should I be to make you be
what can I do to ease the pain
Obsession reigns, obsession rules
you'll be the king I'll be the fool
So I may never love again
Do do do do do...
I do what you want me to do
