Chew me up
Spit me out
Push me in the turnabout
Catch me
Hold me down
Throw me another round
Throw me off
Tear me up
Fill me in
Patch me up
Turn me inside out
'Til I'm empty and ready

For receiveing
For believing in nothing I perceive
Nothing I perceive
Watch me open
Feel me open
Leaving all but the soul
Purer than gold

Even the night
Night... night
Is all Yours

Bring it on
Dance along the razor's edge
To the song
Echoing all around
Like a feverish psycho
All the keys
That were sealed
Shall lay bare
And revealed
Before the end of days
And the collapsing of space

In that hour
All the powers
Stripped gone bleached
Out of sight

Out of reach
Heaven darkens
The end starting
Swallowing all but the soul
Purer than gold

Even the night
Night... night
Is all Yours

All the tears
All the rage
All the fear and the pain
All the locks
And the chain
Not a thing separate from You

Even the night
Night... night
Is all Yours
