No More (rap Version)

3 Little Women

(3lw)

(Kiely)

I'm getting little tired of your broken
promises,promises

Looking at your pager seeing different
numbers,numbers

Call you on your cell you hanging with the fellas,the
fellas

Hanging with my girls you always getting jealous and
jealous

I was with you when you didn't have no dollas,no dollas
Hanging at the crib chilling with your mama,your mama
Never fronted you never brought the drama,the drama
Now you flip the script player please

Bridge:

No Im not the one (say it again say it again oh)

No Im not the one (you do or you dont)

Chorus:

You do or you dont dont

You will or you wont wont

No more no more (baby lma do it right)

You can or you cant can't be a man be a man man

No more no more (baby lma do it right)

(Adrienne)

You treat me like a lady when you open doors and
doors

But then you wanna front when your with your boys
your boys

How you gonna play me when I bought your clothes
your clothes

The ones that you be wearing when you with your doe's
ya doe's

You know you never thought I would have the nerve the
nerve

Think about it more since you at the curb the curb

Blowing up my pager saying you want a chance a
chance
Listen when I say it player please

No Im not the one (baby Ima do it right)
No Im not the one (baby Ima do it right)
No Im not the one (baby Ima do it right)

(Adrienne)
I just want to know
what happened to our love
