Baby, baby, baby, come home on the midnight train  
I been so long from you I can't remember when  
I need you, little girl, 'cause I'm leaning on the wicked  
ledge  
No matter how I try to get you outa my head

Time's running in on me  
I don't care about security  
Please won't you come on home  
'cause I'm crazy, crazy, crazy for you down to the bone

Baby, baby, baby, through the eye of a hurricane  
That's how far I'd go to see you again  
The mystery telephone caller's dead on the line  
Tried to get a message to you but it's been all night

Baby, baby, baby, come home on the midnight train  
I'll be waiting on the platform to get you in my arms  
again  
I never through you mattered, mattered as much as  
you do  
I never thought being alone was being without you
