I've been noticing some changes  
It's not so hard  
Took a long time to get here  
We came from so far  
And if I had it all to do again  
I wouldn't change a thing

And I still want you  
Love in the altitudes, no one but me and you

At the age of temptation  
You were so young then  
I was looking for relation  
You were looking for a friend  
And your hair was long just like now  
In the room we fell into

And I still want you  
Love in the altitudes, no one but me and you

I've seen the pages, the haunting lie  
Someone discouraging me  
They said you'll lose interest  
And you'll get tired of me  
But I ain't worried, you know it girl  
It's been so long it seems

And I still want you  
Love in the altitudes, no one but me and you
