Sometimes I like to be alone (x2)  
But when I hear your voice  
I don't have any choice  
I want to crawl right through the phone  
And I don't want to be alone

Sometimes I need to get away (x2)  
But when I read your card  
I found it very hard  
Not to be with you today  
Sometimes I need to get away

God is gravity  
God is the law  
God is love so  
Love is the law  
And love is gravity  
I feel you (x2)  
Pulling me

Sometimes I'm happy feeling sad (x2)  
But when I think of you  
I'm through with feeling blue  
I think of good times we could have  
Sometimes I'm happy feeling sad
