Some people believe in astrology  
Others believe in technology  
Some people believe in all those "ologies"  
But I believe in swordfish  
He believes in swordfish

I believe in gravity  
I believe in Joanie Loves Crotchie  
I even believe in Melrose Place  
And I believe in swordfish  
He believes in swordfish

Oh, baby, look at you  
Don't you look like Siouxsie Sioux  
How long'd it take to get that way  
What a terrible waste of energy  
You wear black clothes say you're poetic  
The sad truth is you're just pathetic  
Get into the groove or just get out of my way  
I came here to drink not to get laid  
So why don't you just a' go on home  
'Cause if you want to moan you'll have to moan alone

You'll dance to anything (x2)

Don't try to tell me that you're an intellectual  
Cause you're just another boring asexual  
"I met Andy Warhol at a really chic party"  
Blow it out your hairdo 'cause you work at Hardees  
80 pounds of make up on your art school skin  
80 points of I.Q. located within

Now that we're home  
We can use our secret name for these people  
We call them ARTFAGS!

Are you all familiar with the dance? Yeah.  
The famous 3 part dance? Yeah.  
The first part which is called the monkey and goes like  
this...

When I say 1,2,3, everybody do the monkey. I want even those people who showed up early for the batdance to do the monkey, all right?

1,2,3, do the monkey!

Yo, yo, yo, yo. The second part of the dance is called the junkie.

And the junkie goes like this...

Hence the reason for clean needles. Something that lazy piece of shit George Bush does not understand. Now, when I say 1,2,3, monkey, junkie - I want you to give me a little bit of the monkey, then a little bit of the junkie.

Have you got it?

1,2,3, monkey junkie!

Wait! The third part and final part of my dance - is called the honky.

And the honky goes like this...

Dear, I think our new neighbours might be ethnic!

So when I say 1,2,3, monkey, junkie, honky. I want you to give me a little bit of the monkey, a wee bit of the junkie, then I want you to give me your best Dan Quayle impersonation, and say "Dear, I think our new neighbours might be ethnic!"

Everybody down  
Everybody down  
Get your asses on the ground  
Sit down on the ground

Down there on your tush  
Down there on your tush  
Like you're sittin' on George Bush  
Like you're squattin' on George Bush

Get down there on your tail  
Get down there on your tail  
Like you're sittin' on Dan Quayle  
Like you're sittin' on Dan Quayle

"I can spell potato, can you?"

Is everybody down? - Get your asses down  
Is everybody down?  
We should stop fuckin' round  
'Cause all the cool people are down

1,2,3, monkeyjunkiehonky

Dear, I think our new neighbours are ethnic!

Dear, I think our new neighbours are ethnic!

Joe, cut loose! Do whatever you want!

We maybe doing something wrong  
We could be running just a little too long  
I guess we better end this song  
I say I believe in swordfish  
Crowd: He believes in swordfish
