I said "Let's do it man,  
Let's torch the whole village!"

We went down to look at war toys  
Wonderfully colored plastic war toys  
We went down to look at war toys  
But all the war toys were gone

We went down to look at war toys  
Wonderfully colored plastic war toys  
We went down to look at war toys  
But all the war toys were gone

All my life I've always wondered  
What it would be like to fire off a bazooka  
All my life I've always wondered  
What it would be like to fire off a ballistic missile

We went down to look at war toys  
Wonderfully colored plastic war toys  
We went down to look at war toys  
But all the war toys were gone

We went down to look at war toys  
Wonderfully colored plastic war toys  
We went down to look at war toys  
But it seems that we were wrong
