I wanna live with you  
Summer and spring, autumn and winter  
I wanna give to you the love that you need  
I wanna talk with you about everything you want to  
I wanna be with you

But I don't want to see you leave  
See you standing there  
With your baggage in your hand  
Like you just don't care

I wanna live with you (ahh)  
I wanna live with you (ahh)

I wanna stay with you  
When everybody's leaving  
I wanna play with you the  
Games that you love  
I wanna sing with you  
Songs that you don't know  
I wanna live with you

But I don't want to see you leave  
See you standing there  
With your baggage in your hand  
Like you just don't care

I wanna live with you (ahh)  
I wanna live with you (ahh)

Don't you know that I'm leaving  
Inside don't you see what I feel  
I don't hide what you mean to me  
So why don't you open your eyes  
And share this love with me

But I don't want to see you leave  
See you standing there  
With your baggage in your hand  
Like you just don't care

I wanna live with you (ahh)  
I wanna live with you (ahh)
