I've got so, so much to tell you
I've got so, so much on my mind
There's something about you baby
That's keeping me up all night
You're driving me crazy

Didn't I tell you, that I love you
Did I say how much I care
Am I right girl, somethings happenin here

Come, closer to me baby
Look, look into my eyes
There's something about you lately
Something that blows my mind
You're driving me crazy

Didn't I tell you, that I love you
Did I say how much I care
Am I right girl, somethings happenin here

Didn't I tell you in the right way

Did I say it all along
Am I right girl, somethings happenin here

Sometimes, we hurt eachother baby
Sometimes, you really make me crazy,
I believe, that we should stay together
You're the only one, to change me for the better

Am I right girl, somethings happenin here
Didn't I tell you, that I love you
Did I say how much I really care
Am I right girl, somethings happenin here
Didn't I tell you in the right way
Did I say it all along
Am I right girl, somethings happenin here
