"Empty House"

Empty house, my old friend
We meet again
I have been gone for so long
But here I am

It's been a long time since I laid on this bed

Dusty shelves, stains in the rug
Broken door to mend
Here is where they used to lie
And wanted it all to end

It's been a long time since I laid on this bed

Old memories
Haunt me
Haunt me
Haunt me
Haunt me

I can't stay for too long
I must be gone

Empty house, my old friend
We'll meet again
And again

It's been a long time since I laid on this bed

It's been a long time since I laid on this bed
